4 REASONS TO SUPPORT THE ROTARY FOUNDATION

When you make a donation to The Rotary Foundation, you are helping Rotary members make a difference in the lives of millions of people around the world. Here are a few ways your generosity is changing lives.

Eradicating Polio: Thanks to you, we are closer than ever to ending polio. We have reduced cases by 99.9 percent since 1988, and with our partners, have immunized more than 2.5 billion children worldwide. To end polio for good, we need to reach every last child in Afghanistan and Pakistan, stop the newly detected outbreak in Nigeria, and protect the progress made in polio-free parts of the world. Eradicating polio is an achievable goal that will be known as one of the greatest achievements in history. And thanks to the Bill & Melinda Gates Foundation, which is matching every dollar two to one, your donation works even harder..

Promoting Peace & Conflict Resolution: Rotary's most significant effort to promote peace is the Rotary Peace Centers program, established in 2002. Each year, the program trains some of the world's most dedicated and brightest professionals, preparing

them to promote national and international co-operation and to resolve conflict. They include graduates of a two-year master's degree program and a three-month professional certificate program at Rotary's partner universities.

Supporting Education: Through a Foundation grant and in partnerships with the Organization of American States, Rotary members in Maryland, USA, provided a training program for teachers in Quito, Ecuador, which included the use of new technology. At the conclusion of the program, each school selected one story written by a second, third, or fourth-grade student to include in a book illustrated with student art.

Preventing Disease: Over the course of eight days, a team of 18 specialized doctors from India, a dozen of them Rotarians, performed surgeries on more than 260 patients, including procedures in orthopedics and urology. The medical mission initiated by District 3080 (India) and hosted by District 9150 (Central Africa) was the fourth to Rwanda organized by the two districts, and among three dozen surgical missions to 12 African countries since 1998.
