Rotary Family Health Days 2016

Why should we get excited about Rotary Family Health Days 2016?

- The buy in from National Department of Health is unprecedented – never before has there been such huge input! One senses a great respect and trust for the *Rotary Family Health Days* Programme.
- We are aiming to reach 100 000 people at this year's *Rotary Family Health Days* program.
- The program creates enormous opportunities for Rotary to interact with government departments at Provincial and District level.
- Last year, all nine National Departments of Health reached their HIV targets – *Rotary Family Health Days* are credited with making a huge difference.
- The *Rotary Family Health Days* have taken root in the community and is making a sustainable difference as a public-private partnership.
- All media partners have renewed their support for the *Rotary Family Health Days*.
- Rotary is being acknowledged globally and throughout the African continent for our work. Rotary International also acknowledges the programme.
- The pilot impact study showed that we are making a sustainable difference.
- The big picture is exciting – Rotarians on the ground need to know that they are playing a critical role in relationship building, partnership acknowledgement and data collection in our country!

WE ENCOURAGE ALL ROTARIANS TO GET INVOLVED IN THE ROTARY FAMILY HEALTH DAYS PROGRAM ON 12-14 OCT 2016
