ASHTON KUTCHER TO SPEAK AT THE ATLANTA CONVENTION

Co-founder of Thorn, Ashton Kutcher is an actor, tech investor, and philanthropist focused on using technology to effect positive change in the world. In February, Kutcher testified before Congress at a Senate committee hearing on ending modern slavery and human sex trafficking.

Thorn drives technology innovation to fight child sexual exploitation. Thorn partners with nonprofits and academic institutions to gather new insights into the role technology plays in child sex trafficking, the creation and proliferation of child pornography, and the normalization of child sexual exploitation. Thorn then goes beyond insight to action to develop the tools, systems, and approaches to help address these issues.

Currently, more than 1,100 law enforcement agencies use Thorn's Spotlight tool, which leverages machine learning algorithms to allow officers in the field to connect disparate data to improve the effectiveness and efficiency of domestic sex trafficking investigations.

This year alone, Spotlight is being used by more than 4,500 law enforcement officers in over 7,500 trafficking investigations. It has helped law enforcement identify more than 6,000 trafficking victims and 2,000 traffickers.

Time Magazine named Kutcher among their Top 100 Most Influential People. He was also honored by Vanity Fair on their New Establishment List, which identifies the top 50 of an innovative new breed of buccaneering visionaries, engineering prodigies and entrepreneurs.
