WASH ROTARY ACTION GROUP

About Us

The WASH Rotary Action Group (WASH-rag) was formed in 2007 by a group of Rotarians, recognized by Rotary International, focused on WASH projects.

Since then it has facilitated many hundreds of projects – helping clubs find partners, ensuring sustainability, stressing the importance of a needs-driven approach, and developing best practices. We encourage a holistic, integrated approach in which water is not the end in itself, but is rather the means to a better life and livelihood in the community. Most importantly, WASH-rag links water and sanitation to improved hygiene, better health, and empowerment of the community – especially women, irrigation and agriculture, education and literacy and, ultimately, child mortality.

Calling all Rotarians

As a Rotary Action Group, WASH invites Rotarians from around the world to join them and engage in the battle to provide safe water, sanitation and hygiene for all. Any Rotarian interested in supporting us can get involved with our activities and be Linked to global WASH assistance efforts.

Join us for the first of a three-part webinar series on global grants focused on WASH in Schools (WinS).

Learn about

- How global grants are evolving

Evaluating any commodity on sales figures alone doesn't necessarily give you a true picture of a product's quality (such an exercise would mean Justin Bieber making the best music and McDonald's the best food – a sobering thought).
